Attorney Docket No. 042846-0312827

In Response to Office Action mailed October 4, 2004

### **REMARKS**

In response to the Office Action mailed October 4, 2004, claims 8, 15, and 22 have been amended. No claims have been cancelled or newly added. Therefore, claims 1, 8, 15, 22, and 29-34 remain pending. Support for the instant amendments is provided throughout the as-filed Specification. Thus, no new matter has been added. In view of the foregoing amendments and following comments, allowance of all the claims pending in the application is respectfully requested.

#### **Rejections Under 35 U.S.C. § 112, First Paragraph**

Claims 8, 15 and 22 stand rejected under 35 U.S.C. §112, first paragraph, as allegedly failing to comply with the enablement requirement. In particular, the Examiner alleges that the claimed feature of “*performing a logical operation between the bit masks*” is not described in the Specification so as to enable one skilled in the art to make or use it.

Although Applicants disagree with the rejection set forth by the Examiner and assert that the claims are enabled and allowable as written, claims 8, 15, and 22 have been amended (solely in an effort to expedite prosecution) to further clarify the claim element identified by the Examiner. As such, withdrawal of this rejection is earnestly sought.
